WORD

Like newborn infants, desire the pure spiritual milk, so that you may grow by it for your salvation,
1 Peter 2:2

What is it that you desire most in life? Is it health, security, wealth, peace, or something else? It is our human nature to have worldly desires. Not all of those desires are bad, but what God wants us to desire more than anything is Him. To grow in the world means to grow in chaos, anger, and fear. To grow in the Lord means growing in peace, patience, and faith. Growing in the Lord provides great strength while growing in the world will leave us feeling defeated. The ways of the world are destructive, the ways of the Lord are pure. God desires for each of us to grow in the purity of His love and discover something better than what the world has to offer. Are you craving God's Word and His instruction in your life? If not you are missing the beauty and strength of His love and His Word. When we crave God and His goodness He points us to Jesus, the only one who can quench our spiritual thirst and give us eternal life and peace. Too often Christians don't grow in the Lord because they don't seek Him or His word. **Hebrews 5:12** says ***"Although by this time you ought to be teachers, you need someone to teach you the basic principles of God's revelation again. You need milk, not solid food."*** As a child must move from milk to solid food to grow, so we must continue in the Word of God so we can feast on the full course of its spiritual nutrients if we are to grow in Him. Consider this question today, are you growing in your relationship with God? If not, it may be that you have not been seeking Him. Sometimes people are content with simply being religious, but God doesn't want us just to be religious, He wants us to live a holy and righteous life for Him. The world may tell you that religion is good enough. Don't believe that lie! Through Jesus, God wants to give you something so much better. Don't settle for good enough, desire what is best.
