IN THE WORD

6 Therefore, as you have received Christ Jesus the Lord, walk in Him, **7** rooted and built up in Him and established in the faith, just as you were taught, overflowing with gratitude.

Colossians 2:6-7

Roots. Every tree or plant needs to be well rooted for them to be able to grow. Roots are key to providing water and minerals from the ground to give the plants what they need to grow. The stronger the root system is, the healthier a plant will be. This illustration is a fitting one to our spiritual life as well. We see Jesus use this type of example in **Matthew 13**. If we are rooted in Jesus then we will have an endless supply of all we need to be replenished. He will give us joy in our sadness, patience in our sufferings, and replace our hate with love. That is just scratching the surface. Jesus is an infinite source of mineral enriched spiritual soil and living water, both of which will allow us to grow strong and into the beautiful creation God wants us to be. Plants and trees with a good root system are not easily destroyed or uprooted. No matter what the storms of life and sin may blow our way we can find the source of our security and growth in Jesus. That is, if we are rooted in Jesus. Some times we may be guilty of planting some of our roots in Jesus while also seeking security or comfort from other worldly things too. Seeking security and comfort in the world will not sustain you because there is nothing of any substance to give you what you need. You may feel like you are withering away in a spiritual desert, but even in the desert trees and plants can live. The ones that survive are the ones that are well rooted. So perhaps your life is full of stress and hard times or maybe you are struggling with sin. What better times to turn things over to God and repent and get rooted in Him than right now? Oswald Chambers once said "The lives that are getting stronger are the lives in the desert, deep-rooted in God."
